Description

The M/Y Sea Serpent Grand has undergone an extensive renovation. The interior is modern, bright, and very tasteful. It's simply a ship where you immediately feel at home. The 45-meter-long vessel features three large outdoor decks offering both sun and shade. The new hull design not only allows for more spacious and comfortable accommodations in the cabins, but also makes the boat faster and more stable. The dive vessel Sea Serpent Grand was designed for divers who prefer good design, comfort, and quick transfers between dive sites.

More information

Cabins:

The lower deck of the Sea Serpent Grand features six twin-bed cabins and two cabins with a double bed. There is one suite each on the main and upper decks. The upper deck also features four cabins that can be booked with either two beds or a double bed. All cabins feature many of the amenities you would expect when traveling on a first-class dive vessel: music, a refrigerator, and a private bathroom are standard in all cabins. The spacious bathrooms are equipped with massage showers.

Dining:

You can look forward to a colorful mix of European and Egyptian cuisine—freshly prepared and cooked with love. There's fresh, local seafood, daily baked treats from our onboard pastry shop, and many other specialties that will leave you wanting more. Whether you're vegetarian, vegan, gluten-free, or have specific allergies—just let us know. We'll make sure everything is just right for you. A Nespresso machine is available for cozy coffee breaks. Feel free to bring your favorite capsules and enjoy your coffee in a relaxed atmosphere on deck

Salon:

The incredibly spacious salon on the main deck of the M/Y Grand Sea Serpent is equipped with the latest entertainment technology.

Sun Deck:

There are 3 sun decks

Diving:

The safari boat's massive dive deck can comfortably accommodate up to 24 divers with their own equipment. In addition to a Nitrox membrane system, the M/Y Grand Sea Serpent is also equipped with a helium-oxygen mixing station and a Haskel pump. This certainly makes it a good choice for technical divers who use either an open-circuit or closed-circuit system (CCR). 200-bar oxygen fills, as well as trimix, helium, and nitrox mixtures, are available upon request.

All participants should bring a copy of their passport, as well as a valid dive certification and logbook, to the boat check-in

The first night of the safari tour is spent on the boat in the harbor. The last night of the safari tour is spent on the boat in the harbor or in a 4-star hotel, if the boat's schedule requires it.

In the event of further price increases by the Egyptian government (fuel, diving permits, or visas), we reserve the right to adjust fees and surcharges.

For group bookings of nine paying guests, the tenth person travels free of charge but is responsible for incidental expenses.
