Description

The perfect route for underwater photographers: colorful coral gardens, huge schools of fish in Ras Mohammed, spectacular drop-offs at the Brother Islands, and atmospheric night dives offer ideal conditions for wide-angle and macro photography.

A special highlight are two newly discovered wrecks, beautifully overgrown, teeming with fish, and, with depths ranging from 3 to 28 meters, perfectly suited for long photo dives. Added to this is the queen of Red Sea wrecks: the legendary **SS Thistlegorm**.

This special tour is led by renowned underwater photographer Heinz Toperczer, who will support you with theory, image reviews, and personalized coaching.

The Omneia Spirit offers comfort, a great atmosphere, and everything to make divers' and photographers' hearts happy.
